

TECHNICAL DATA

DESCRIPTION

Ours is amidst the globally recognized organization engaged in manufacturing, supplying the optimum quality **Triple Purpose Nozzle**. We design this nozzle in accordance with BS-336 standards so as to ensure that it matches the international quality as well. Offered as per the variegated requirements of our valued patrons, this nozzle is designed and developed using high grade raw material. We are also backed by highly advanced delivery system, with the aid of which we have been able to deliver the ordered products at the clients' specified locations within the predefined time frame.

Triple Purpose Nozzle offered by us serve three purposes in one:

Jet
Fine spray
Shutoff

Technical Specifications

Type : Manual for Fire Hose Pipe
Inlet : 63mm (2.5") male Instantaneous BS-336
Outlet : Solid Jet / Fine Spray / shutoff
Material : Gunmetal / Brass
Finish : Natural polished / chrome plated

NOTE: Also available size on client requirement 1.5", 2" and 2.5"

DIFFUSER NOZZLE

TECHNICAL DATA

DESCRIPTION

Ours is amidst the globally recognized organization engaged in manufacturing, supplying the optimum quality **Diffuser Nozzle**. We design this nozzle in accordance with BS-336 standards so as to ensure that it matches the international quality as well. Offered as per the variegated requirements of our valued patrons, this nozzle is designed and developed using high grade raw material. We are also backed by highly advanced delivery system, with the aid of which we have been able to deliver the ordered products at the clients' specified locations within the predefined time frame.

Diffuser Nozzle offered by us serve three purposes in one:

Jet
Shutoff

Technical Specifications

Inlet : 63mm (2.5") male Instantaneous BS-336

Outlet : Solid Jet / Fine Spray / shutoff

Material : Gunmetal

Finish : Natural polished / chrome plated

TECHNICAL DATA

DESCRIPTION

Ours is amidst the globally recognized organization engaged in manufacturing, supplying the optimum quality **Short Branch Pipe Nozzle**. We design this nozzle in accordance with BS-336 standards so as to ensure that it matches the international quality as well. Offered as per the variegated requirements of our valued patrons, this nozzle is designed and developed using high grade raw material. We are also backed by highly advanced delivery system, with the aid of which we have been able to deliver the ordered products at the clients' specified locations within the predefined time frame.

Short Branch Pipe Nozzle offered by us serve only for Jet:

Technical Specifications

Inlet : 63mm (2.5") male Instantaneous BS-336 x 12 inch length
Material : Gunmetal / Brass / Aluminum
Discharge : Solid Jet Stream (flow will depend on the size of nozzle)
Finish : Natural polished / chrome plated

Defender/FFE/N/0007-JT-2.5"

NOTE: Also available size on client requirement 1.5", 2" and 2.5"

LONG BRANCH PIPE NOZZLE

TECHNICAL DATA

DESCRIPTION

Ours is amidst the globally recognized organization engaged in manufacturing, supplying the optimum quality **Long Branch Pipe Nozzle**. We design this nozzle in accordance with BS-336 standards so as to ensure that it matches the international quality as well. Offered as per the variegated requirements of our valued patrons, this nozzle is designed and developed using high grade raw material. We are also backed by highly advanced delivery system, with the aid of which we have been able to deliver the ordered products at the clients' specified locations within the predefined time frame.

Long Branch Pipe Nozzle offered by us serve only for Jet:

Technical Specifications

Inlet : 63mm (2.5") male Instantaneous BS-336 x 12 inch length

Material : Gunmetal / Brass / Aluminum

Discharge : Solid Jet Stream (flow will depend on the size of nozzle)

Finish : Natural polished / chrome plated

NOTE: Also available size on client requirement 1.5", 2" and 2.5"

Defender/FFE/N/0008-JT-2.5"

HIGH PRESSRE WATER JET NOZZLE

021-32222322
firedefenders@gmail.com

TECHNICAL DATA

DESCRIPTION

fire-fighting straight-through water gun are used for putting out fire by water play. When it is connected with water band, it will jet dense and rich water flow. And its advantage is long jetting range and large quantity of water, etc.

Technical Specifications

Inlet : 63mm (2.5") male Instantaneous BS-336 x 12 inch length

Material : Gunmetal / Brass / Aluminum

Discharge : Water Jet Nozzle Straight Through

Finish : Natural polished / chrome plated

NOTE: Also available size on client requirement 1.5", 2" and 2.5"

Defender/FFE/N/0008-JT-2.5"

HAND CONTROL JET SPRY NOZZLE

021-32222322
firedefenders@gmail.com

TECHNICAL DATA

DESCRIPTION

hand-held branch pipe is made by combination of Aluminum and plastics. The water flow control is by means of SHUT, JET and SPRAY. The branch pipe has male instantaneous coupling inlet.

Hand Control Jet Spry Nozzle offered by us serve only for Jet:

Technical Specifications

Type : handheld controllable

Inlet : 2.5" male Instantaneous BS-336

Outlet : Jet, Spray & Shut

Material : Aluminum / ABS Plastic

Flow Rate : 230 LPM @ 6 Bar (Jet)

220 LPM @ Bar (Spray)

Defender/FFE/N/0009-JT-2.5"

NOTE: Also available size on client requirement 1.5", 2" and 2.5"

TRIPLE PURPOSE NOZZLE

TECHNICAL DATA

DESCRIPTION

Ours is amidst the globally recognized organization engaged in manufacturing, supplying the optimum quality **Triple Purpose Nozzle**. We design this nozzle in accordance with BS-336 standards so as to ensure that it matches the international quality as well. Offered as per the variegated requirements of our valued patrons, this nozzle is designed and developed using high grade raw material. We are also backed by highly advanced delivery system, with the aid of which we have been able to deliver the ordered products at the clients' specified locations within the predefined time frame.

Triple Purpose Nozzle offered by us serve three purposes in one:
Jet, Fine spray and Shutoff

Technical Specifications

Type : Manual for Fire Hose Pipe
Inlet : 63mm (2.5") male Instantaneous BS-336 / Storz
Outlet : Solid Jet / Fine Spray / shutoff
Material : Gunmetal / Brass
Finish : Natural polished / chrome plated

Defender/FFE/N/0010-JT-2.5"

NOTE: Also available size on client requirement 1.5", 2" and 2.5"

Triple Purpose Nozzle offered by us serve three purposes in one:
Jet, Fine spray and Shutoff

Technical Specifications

Type : Manual Pistol Grip type
Inlet : 63mm (2.5") male Instantaneous BS-336 / Storz
Outlet : Solid Jet / Fine Spray / shutoff
Material : Gunmetal / Aluminum /
Finish : Natural polished Black Color

NOTE: Also available size on client requirement 1.5", 2" and 2.5"

Defender/FFE/N/0011-JT-2.5"

TECHNICAL DATA

DESCRIPTION

A water shield / water wall is a spray of water that acts as a barrier the fire protection and shielding to shield personnel and equipment against radiant hear, harmful gases, and flames.
To build up large water veils or a water wall, to protect against gases, smoke, to cool objects. In use the unit is firmly pressed to the ground by water pressure and is therefor working without manpower.

- Made of Brass 63mm (2.5") male Instantaneous BS-336

Technical Specifications

Type : Manual Grip handle type
Inlet : 63mm (2.5") male Instantaneous BS-336 / Storz
Outlet : Water Curtain
Material : Gunmetal / Aluminum /
Finish : Natural polished Red Color

Defender/FFE/N/0012-WC-2.5"

NOTE: Also available size on client requirement 1.5", 2" and 2.5"

TECHNICAL DATA

DESCRIPTION

For more comfortable handling of branchpipes. Diverts the reaction forces of the water jet through the hose line to the ground. Branch pipe holder can also be coupled in between two hoses, if the hose must be extended across sharp wall edges or window sills (same function as elbow).

Technical Specifications

Type : Manual Branch Pipe Holder type
Inlet : 63mm (2.5") male Instantaneous BS-336 / Storz
Outlet : 63mm (2.5") Fe-male Instantaneous BS-336 / Storz
Material : Gunmetal / Aluminum /
Finish : Natural polished Red Color

Defender/FFE/N/0013-WC-2.5"

NOTE: Also available size on client requirement 1.5", 2" and 2.5"
